Amendment A

Assistant Commissioner for Patents

Washington, District of Columbia 20231

15 Sir:

In response to the Office Action mailed 2005 January 13th, please amend the
above application as followings:

20

Background:

Page 2, line 7 change "electro magnetic" to – electro-magnetic—

Page 2, line 12, change "Electro magnetic" to – Electro-magnetic—

Page 2, line 14, change "the malfunction of wireless networking radio hardware

25

will also cause the wireless network link poor quality, un-usable, even
broken." to – wireless networking radio hardware malfunction often
causes wireless network communication link to be at poor quality, or even
broken—

Page 2, line 20, change “When deploy the outdoor network” to – To build an outdoor wireless network,—

Page 2, line 31, change “single channel devices. Network redundancy cannot be achieved” to –single channel devices and cannot achieve network link redundancy—

5

Page 2, line 20, change “preferred AP, increases” to – preferred AP increases —

Summary

10 Page 3, line 17, change “have the same” to – having the same —

Page 3, line 17, change “Once, link quality” to – When link quality —

Conclusion, Ramifications, and Scope

15 Page 10, line 18, change “capable to monitor” to – capable of monitoring —

Page 10, line 26, change “capable to detect” to – capable of detecting —

Page 10, line 30, change “network operation. Provides” to – network operation; provides —
